## FOR IMMEDIATE RELEASE

**To: Chiefs of the Anishinabek Police Council  
Directors of the Police Governing Authority  
All Anishinabek Police Staff**

**Re: Approval of 2019-2023 Anishinabek Police Service Tripartite Agreement**

The Anishinabek Police Council and Police Governing Authority have approved the signing of the new tripartite agreement for the period 2019-2023.

Our leadership is well aware that the funding model under the First Nation Policing Program is constructive in nature in that it does not provide for equal treatment for our communities.

For this reason, we have agreed to sign the agreement under duress as it does not meet adequacy or equity standards for pay, pension, benefits and capital planning.

The lack of an essential services designation for First Nation police services has served as a barrier to equal treatment with respect to a proper allocation of human resources, support for specialized projects and adequate policing facilities.

While the limitations of the funding model will allow us to continue to meet the minimum standards, we appreciate your patience as we continue to work on developing a political strategy that addresses the gaps in funding for all of our communities.
