

Nbisiing Secondary School Staggered Re-Entry

As the new school year is quickly approaching, we at Nbisiing are working hard to ensure the safety of our students, staff, and community. We are working closely with the Lawrence Commanda Health Centre and the North Bay Parry Sound District Health Unit in order to ensure that we reopen our school in a safe way. Given the complex nature of reopening schools during this time, and in order to ensure the safety of our students, we are planning a staggered re-entry to our school this year.

We understand that there is a need for our students to return to a sense of normalcy and routine, however, this staggered approach will allow students the opportunity to become familiar with new safety protocols and routines with the space to do so. We are enthusiastic to see all of our students back in school and continue learning together, but we have to ensure that we do so safely.
