

NFN GUEST HUNTING POLICY

Purpose

The Hunting Policy was established to conserve and protect the hunting resources on Nipissing First Nation Lands. We believe that this commitment will be beneficial to our present Nipissing First Nation Members and future Members.

The fulfillment of this policy will be the joint responsibility of Chief and Council, the Natural Resource Committee and the membership of Nipissing First Nation. This policy should accomplish the following:

- Regulate who and how guests hunt on Nipissing First Nation Lands through the promotion and strict enforcement of our Moose/Deer Hunting Permit system.
- This policy does not apply to Nipissing First Nation members.
- Promote good and ethical hunting practices consistent with the wishes of Nipissing First Nation Members
- Ensure that Non-Native guests registered have in their possession all licenses and tags required and adhere to the hunting seasons set by the Province of Ontario
- Support the continued development and capacity of Enforcement Staff to effectively promote and enforce this hunting policy
- Minimize the negative effects of willful overharvesting by guests hunting on Nipissing First Nation Lands
